1. The first part of the paper is devoted to a discussion of the  
 general principles of the method of least squares. It is shown that  
 the method is based on the assumption that the errors are  
 independent and have a normal distribution. The method is then  
 applied to the case of a single observation and to the case of  
 several observations. It is shown that the method is equivalent to  
 the method of maximum likelihood.

The method of least squares is a special case of the  
 method of maximum likelihood.

Remond March 21. 1846

Hon. Sir

I have just rec<sup>d</sup> from the Department a line unsigned, on the back of a letter written a day or two<sup>or</sup> by me requesting a passport to Europe and especially "Germany" for Joseph Stern, with his "Declaration" to become a Citizen enclosed - and the required description of his person &c.

The line simply tells me that I have enclosed that paper and not his "Naturalization" paper - In my note, I mention the fact that in a little while he will be eligible for that - Mr Stern now tells me it will be in one month - but business of much importance to him of a private & family character requires his leaving on this day week - and I have had very sufficient reason that I must have made difficulty on account of the want of his

second paper if the first with other require-  
ment, was correct.

I Hope if the Department can  
consistently upon the passport - the great  
desire of Mr. Stone, who is a gentleman  
of much esteem with us and of an interesting  
family & will be <sup>gratified</sup> ~~appreciated~~ and a

Wisconsin Sheboygan March 4th 1856

Mr. Ch. Sheboygan Co. 6. 1855.

To the Hon. William L. Marcy Secretary of State, Washington Mar 4th 1856,

Sir, I herewith forward you the Certificate of Naturalization of Charles Jaegle for the purpose of procuring a passport for him to return to his native country on a visit - Mr Jaegle is 32 years of age, 5 feet 3 1/2 inches in stature, hair dark, eyes blue, nose slightly aquiline, mouth small, chin medium, hair light Auburn, complexion light & face unblemished <sup>(no)</sup> ~~like yours~~, but not full, the applicant, is to be accompanied by his wife, Louisa Jaegle aged 27 years -

Yours respectfully,  
J. H. Edwards

If my passport will be sufficient, guarantee for me, that the government of this country will protect me as an American citizen should be molested or my rights as such interfered with, should I return - on my complaint refered to my relatives and friends.

Respectfully Yours  
Charles Jaegle.

Dear Sir  
William W. Murray

Sir,

As I am intending to return to my native country the coming spring or summer and having left there under peculiar circumstances, I have thought best to make some enquiries of you in relation to the matter. — The facts are these. I am a subject of the Principality of Saxe-Coburg-Gotha in Germany and receive my passport to come to this country in the end of the year 1849. I had also received regular letters of dismission from the government, as well as a discharge from the proper authorities from all subjects to which I was liable, which had passed in March 1849. — After which I was able to leave the country, the government brought up a bill and a similar transaction of the same nature in the year 1849 and June 1849 and to appear and not having to do, and believing they had no jurisdiction over me at that time, paid no attention to the matter, but came to this country. — My object of inquiring at this time is to know from the Department of State if my passport will be sufficient, guaranteed for me, that the government of this country will protect me as an American citizen should be treated as my rights as such are infringed (which should) return — on my conduct my claim right to my relatives and friends. —

Respectfully Yours  
Charles Gaxtel.

I have the honor to transmit herewith, the description of Mr. Jacob Benedicks, as given in Pass-port No 11817.

It is proper, perhaps, for me to state, that in the letter asking the pass-port as well as in the certificate sent, his name was given as "Benedict," instead of "Benedicks" and I have taken the liberty to correct the evident error in the pass-port caused by the errors as above.

a passport I apply to your kindness to procure  
me one at the proper department. I enclose  
my first declaration and my last paper and  
add below a description of my person as is necessary

SECRETARY'S OFFICE,

Columbus, March 29<sup>th</sup> 1856

Gen. W. S. Marcy  
Secretary of State of the U.S.

Dear Sir:

I stated in my application for a passport for Barnhardt Claus that he would take with him his son William Claus. This he wishes to do, but as the name of his son does not appear in the passport I suppose it was an omission and I have accordingly returned it to him, the name of his son inserted. The name of the applicant is wrong in the passport. Barnhardt Claus is the correct name.

Please forward a corrected passport as soon as possible as he wishes to leave in a week.

Very Respectfully Yours,

Dear Sir

I intend visiting Scotland this summer, with my wife and family and will remain absent at least one year, but it may be longer, and will also visit the Continent, leaving the children in Scotland until our return there, or taking them on part, with us as the case may be.

I beg therefore that you will have the kindness to procure for me, the necessary passport for the Continent of Europe, my family consists of myself, wife and five children (three girls and two boys) if a length of time has to be mentioned in the passport, say for three years, but would prefer it indefinite.

Not being very familiar with the necessary description, I send it to you as I best know how. My height is five feet ten and a half inches, Fair complexion, Regular features, Head small, Forehead

broad and rather low, (with a small lump in the centre) Dark brown (nearly black) hair, light blue eyes, nose rather prominent, mouth medium size, chin broad and round, small ears, in make rather stout.

My wife is tall, dark complexion, rather long features, black hair, narrow forehead, small black eyes, prominent nose, full mouth, regular teeth and rather a round chin.

My youngsters consist of Sabella (age 14 years), Thomas (age 12 years), William (age 7 years), Abbie (age 5 years), and Maude (age 3 years).

I believe I have now given you all the description necessary; my purpose is Mr. Leyer, to make Scotland my temporary residence for a while, visiting the Continent as I may feel inclined, without or with part of my little folks, and when tired return to my home in St. Louis; may go again hard at work.

I believe you are aware that I was born in Scotland therefore enclose my naturalization papers.

I feel that I am trespassing on your time, in asking your attention to this passport, yet I trust, that you

Sir,

Charles Henry Kunsemüller, an adopted citizen of the United States, whose Certificate of Citizenship is here enclosed, desires to obtain a Passport from Your Department for the purpose of a voyage to Europe.

Subjoining a description of his person, by me officially taken, I pray in his name for the transmission of such Passport to me under my address, and return of said Certificate.

His name is spelled Ka in the Certificate by my predecessor in office, now dead; I cannot alter the mistake, lying in the a, which ought to be u, (i.e. Kunsemüller) although I know personally that the latter spelling is correct. The Hon. Department will, perhaps, favor the applicant with a correct spelling of the name in the Passport.

With the most profound respect

DEPARTMENT OF STATE,

WASHINGTON, April, 1850.

Citizens of the United States visiting foreign countries are liable to serious inconvenience, if unprovided with authentic proof of their national character. The best security against this is a passport from the Department of State, certifying the bearer to be a citizen of the United States; which passports are issued *gratis*, upon application supported by proof of citizenship.

This proof need be transmitted but once. On all subsequent occasions, a simple reference to it, and to the period when it was presented, will be sufficient.

When the applicant is a *native citizen of the United States*, he must transmit an affidavit of this fact, signed by him, stating his age and place of birth, and sworn to by himself, and one other citizen of the United States named therein, to whom he is personally known, and to the best of whose knowledge and belief the declaration made by him is true. This affidavit must be attested by a Notary Public, under his signature and seal of office. When there is no Notary in the place, the affidavit may be made before a Justice of the Peace, or other officer authorized to administer oaths.

If the applicant be a *naturalized* citizen, his certificate of naturalization must be transmitted for inspection. It will be returned with the passport.

The application should be accompanied with a description of the person, stating the following particulars, viz: Age: 31 years. Stature: 5 feet 7 inches (English measure.) Forehead: full. Eyes: hazel. Nose: common. Mouth: median. Chin: round. Hair: black. Complexion: dark. Face: oval.

When the applicant is to be accompanied by his wife, children, or servants, or by females under his protection, it will be sufficient to state the name and ages of such persons, and their relationship to the applicant.

Persons who leave the country, expecting to obtain passports, whilst abroad, from the Diplomatic or Consular agents of the United States, are liable to disappointment; inasmuch as it is the duty of those agents to observe the utmost caution in granting documents, in the nature of a certificate of citizenship, to those persons only who are certainly known to be entitled to them; and it is sometimes difficult, if not impracticable, to procure proof of this fact in a foreign country.

Certificates of citizenship or passports issuing from the State Authorities, or from the Judicial or the Municipal Functionaries of our country, are not recognised by the officers of foreign Governments; and if the Diplomatic and Consular agents of the United States are called upon to certify to the authenticity of such document, they cannot do this, for want of that official information in regard to those authorities and functionaries, and to their respective signatures and seals of office, which is indispensably necessary in the case of every such certificate.

acquainted a Certificate of nativity,

obtaining passport for him -  
Mr Blair has written to me that  
the passport would be sent to  
me in time, but having never

I have never heard of it. If your

Mrs. Wm L. Murray Secretary of State

Washington

Dear Sir!

I have been very glad to hear that the committee  
of the British Association for the Advancement of Science  
at Edinburgh, Scotland, intended to visit America  
on important business by the advice of  
J. A. Smith & Co's difficulty in obtaining  
a passport, which matters him to have  
expressed a quiet, without being subject to  
occasional commotions.

Mr. J. A. Smith's letter of the 14<sup>th</sup> April  
1856, has been received. How his opinion  
will appear in due season, so that he was  
never a more a subject of the King  
of Spain, nor to arrive here.

It is declared his intention to become  
a citizen of our glorious country especially  
with in the city hall on the 3<sup>rd</sup> July 55<sup>th</sup>  
within the necessary documents.  
When the question arises how he shall  
be permitted to come into the country, as

The government is long doing now, recognizing  
the so called "Indians of the State", while  
there is no more a citizen of the State, and  
no more a citizen of the United States.

As the Hon. Gen. Lee, that there is a res-  
ponsibility of receiving at the same time  
Japan, under these circumstances, but  
this formally will take much time and  
trouble.

Dear Sir, we most respectfully  
beg leave to ask you, whether it would  
not be desirable for you to give him  
a letter of introduction, if possible, and  
knowing the character of the man, to be  
given you for his good behavior & quiet  
bearing & temper under the protection of  
your papers; we are most respectfully  
asked you that you will in this matter.

And in your answer a story as well  
as possible, be given, dear Sir, with  
kind regards from our best friends, and  
ourselves.

Yours most  
respectfully,  
J. P. Jones.
